### **College and Career Access Pathways (CCAP)**

The Board shall adopted all the legal requirements of Education Code Section 76004 in order to participate in the College and Career Access Pathways (CCAP) partnership with the governing board of a school district for the purpose of offering or expanding Dual Enrollment opportunities for students who may not already be college bound or who are underrepresented in higher education with the goal of developing seamless pathways from high school, including continuation high schools, to community college for career technical education or preparation for transfer, improving high school graduation rates, and/or helping high school pupils achieve college and career readiness.

The District may enter into a CCAP partnership with a school district partner that is governed by a CCAP partnership agreement approved by the governing boards of both districts. As a condition of adopting a CCAP partnership agreement, the governing board of each district, shall do both of the following:

- For career technical education pathways to be provided under the partnership, consult with, and consider the input of, the appropriate local workforce development board to determine the extent to which the pathways are aligned with regional and statewide employment needs. The governing board of each district shall have final decision-making authority regarding the career technical education pathways to be provided under the partnership; and
- Present, take comments from the public on, and approve or disapprove the Dual Enrollment partnership agreement at an open public meeting of the Board of Trustees.

The CCAP partnership agreement shall be filed with the California Community Colleges Chancellor's Office and with the department before the start of the CCAP partnership, and shall:

- Outline the terms of the CCAP partnership and shall include, but not necessarily

be limited to, the total number of high school pupils to be served and the total number of full-time equivalent students projected to be claimed by the District for those pupils; the scope, nature, time, location, and listing of community college courses to be offered; and criteria to assess the ability of pupils to benefit from those courses;

- Establish protocols for information sharing, in compliance with all applicable state and federal privacy laws, joint facilities use, and parental consent for high school pupils to enroll in community college courses.   - A community college course offered for college credit at the partnering high school campus does not reduce access to the same course offered at the partnering community college campus;
  - A community college course that is oversubscribed or has a waiting list shall not be offered in the CCAP partnership; and
  - Participation in a CCAP partnership is consistent with the core mission of the community colleges pursuant to Education Code Section 66010.4, and that pupils participating in a CCAP partnership will not lead to enrollment displacement of otherwise eligible adults in the community college.
- Certify that both the District and the school district partners comply with local collective bargaining agreements and all state and federal reporting requirements regarding the qualifications of the teacher or faculty member teaching a CCAP partnership course offered for high school credit.
- Specify both of the following:
  - Which participating district will be the employer of record for purposes of assignment monitoring and reporting to the county office of education; and

The CCAP partnership shall not provide Physical Education course opportunities to high school pupils or any other course opportunities that do not assist in the attainment of at least one of the following goals:

- Developing seamless pathways from high school to community college for career technical education or preparation for transfer;
- Improving high school graduation rates; or
